

## CD & DVD ONBODY PRINTINGS REQUIREMENTS

### Printing area

between diameters 22 and 117 mm *or* between diameters 35mm and 117mm

### Colours

CMYK  
Pantone

**Please note!**  
We do not print from RGB files

### Fonts

min. size 4,5pkt (for counter font 6pkt)

### File format

PDF (max. ver. 10) (*preferred*)  
CDR (max ver. 12)  
EPS, AI, PSD (max ver. CS3)

**Please note!**  
Please convert all fonts into curves

### Printing methods requirements

#### silkscreen (110 lpi)

max 4 colors (Pantone albo CMYK) + white base

#### offset (175lpi)

max. 5 colours (CMYK +1 Pantone) + white base

### **Please note!**

The best quality of silkscreen overprint is obtained with 100% colour saturation, however because of limited possibilities of continuous-tone image, the saturation used should be in the range between 15% and 85%.
